free indie comic magazine

"Upon first hearing about this magazine, you may have asked yourself what exactly is The Greg. It's a good question, so you're allowed to ask it, but only if I may ask one, too: what exactly is a Comic Book? One could say it is a modern art form that reflects a society's popular taste. For me, however, comics have a more personal center. Every Comic is unique because every artist and writer is unique.

Each Comic represents who that person is. It is them through their art—their opinions, beliefs, and world view. We may offer criticism, or tell the creator to change this or that to make it more appealing to a wider audience, but in doing so we are robbing ourselves of what makes art so special in the first place. Each individual has their own unique manner of expression, and artists do so in some of the most diverse and personal ways imaginable. What follows is a collection of stories and art that represent the people that created them. We did not ask them to change their work to better suit the tastes of a wider audience. We let them be themselves—each being an extremely talented individual. That is what The Greg is to us. An opportunity to show the world who we are."

- Anthony Applegate
Editor in Chief

SUPER FRENEMIES

It has been confirmed that Black Cat has once again escaped Skylar City prison...

...and is currently robbing the bank on 9th. Officials are beginning to arrive to the crime scene, but...

NEWS

A woman with brown hair, wearing a pink shirt and dark pants, sits on a high stool at a cafe table, holding a coffee cup. In the background, a news anchor is visible on a screen. A close-up of the woman's face shows her looking thoughtful. To the right, a coffee cup sits on a saucer.

Black Cat.

Oh, hey Katie. How good of you to show up.

Do not call me Katie.

Why not? We are best friends after all.

Don't you get the news in prison? We are arch nemeses.

Fake news these days, am I right, Katie?

You are still trying to rob this bank, and I am here to stop you!

Aww. Look at you.

You're so cute when you try to act all tough.

I've put you in jail before, and I'll do it again.

or is it cat and bird?

And I guess I'll just have to break out again.

We keeping playing this game of cat and mouse.

I guess neither really make sense since you are the one always after me.

What did I do to make you so obsessed with me, Katie?

You keep breaking the law.

Three Days After the
Cataclysm

CATACLYSM

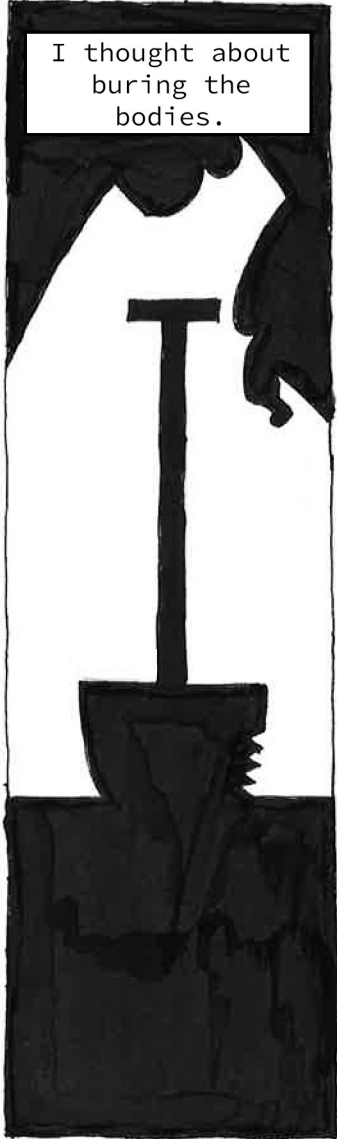

Written and Drawn
by Mason Allan

I've got to get off of
this island.

The others are all
dead.

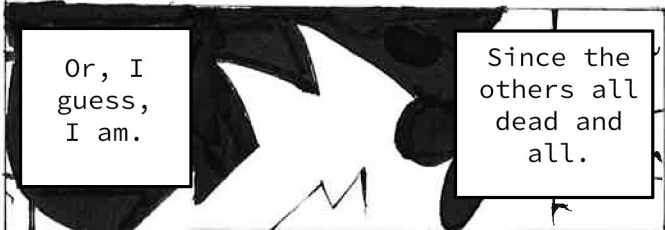

I thought about
buring the
bodies.

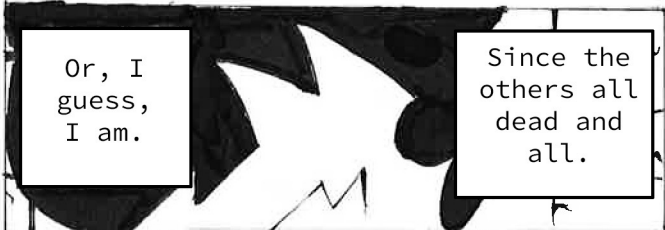

It gets colder
every day.

I think we're
floating
further away
from every-
thing.

Or, I
guess,
I am.

Since the
others all
dead and
all.

So, the
question
arises:

How does one escape
from a flying island?

What a waste of space.

You could fix this by

advertising your buisness

or product here. Email:

thegregmagazine@gmail.com

The world is an uncertain place.

Peace may reign one day,

The next may be wracked with
darkness and destruction.

Every time evil rears its foul head,
brave souls heed the call to adventure.

Through their efforts, we are protected.

We live to see another peaceful day.

The path of the hero takes diverse forms.

Some follow their heart.

Some seek honor.

Some, however...

...just play it by ear.

A Spirit's Fortitude

She wasn't supposed to put it on. Any intelligent person wouldn't have. In fact, most unintelligent people would have common sense not to put on the glowing ring. But she seemed to have the audacity to, and now there's no escaping the ancient power she has awoken, and no returning the future she stole.

Who's Who in the Greg?

Member Bios

Skyler Hope – CEO of the Greg - An emotionally scarred warrior searching for meaning in a cruel universe through entrepreneurial passion. Loves philosophy, art, cost projection sheets, and corporate conquest. His greatest dream is to generate enough passive revenue to save for retirement while driving around the country meeting people and spreading good vibes. He's also a strong advocate for self-compassion and healthy chakras.

Anthony Dayne Applegate – Editor in Chief - Anthony is in truth the mouthpiece of Zooty Coot, an ancient and relatively obscure trickster deity. It is through Anthony that Zooty has performed such miraculous accomplishments as the founding of the motion picture factory Stolen Runabout Studios--for which Anthony has acted as the figurehead writer and director on several novelty films. The Greg personally selected Anthony to be the Editor of this publication because of his proven loyalty to an anthropomorphic animal overlord. If any of our readers feel a considerable amount of sorrow over Anthony's unusual situation, please send some supportive and encouraging emails to anthonydayneapplegate@gmail.com

Mason Allan – Writer and Artist - Two truths and a lie: Mason Allan is an artificial intelligence, is the creative mind behind the next universe of characters and stories, or is able to fit an entire bagel in his (or its?) mouth. Whether Mason is delving helplessly into existential crises, reading comics, eating, or doing all of the above, he's dreaming about the next story to tell and the next characters to write. He and The Greg May have also been created in the same black site lab accident. The documents and footage are gone, so I guess you'll never know.

Kayla LaFroth – Writer - Ever since I was a little kid, I have loved writing and creating stories. I enjoy drawing my characters, developing their personalities, and world-building. Besides writing and drawing, I sing, listen to music, read books and comics, and watch TV shows and movies. I always have a good rant about my futile ships, and am always down for a discussion about any stories. "Webtoon" was my inspiration to get into the comic world, and I am excited to publish "Super Frenemies" in the Greg! My Instagram is [@Klafroth](https://www.instagram.com/Klafroth)

Brooke Newhart – Artist - The world's least favorite cranky hermit, who dreams of living in the woods, painting and gardening, surrounded by cats. She is studying art and has been drawing comics since 5th grade. A fateful tinder match introduced her to the Greg, and she is currently illustrating WARNER and working on artwork of dead birds.

Heidi Jensen – Artist - Heidi has been creating art ever since her grubby little hands could grasp a No. 2 Ticonderoga pencil. She is currently creating art for BARD FROM ENTRY. She can be found at heidielizabethdraws.com.

Liam Fitzgerald – Writer - A skin-wearing skeleton who dreams of nothing more than bringing what's in his head into reality (well, the good stuff, at least). Very rarely turns down food. Doesn't mind being called "Lemur".

Sabrina Boyer – Artist –

Name: Sabrina Boyer (or Sab). Species: Human...Probably. Class: Huge Nerd, level 50+
Backstory: An upstate New Yorker who is now an artist and occasional writer for the Greg. Strength (2) Dexterity (7) Constitution (9) Intelligence (12) Wisdom (13) Charisma (1) NERD(20) Abilities: -Can watch an Anime and catch up with the Manga in a week. (The record has been four days) -Makes and wears Cosplay! Weaknesses: -COMICS! She loves comics (and Manga) so much! -Dinosaurs! If she had the resources to make Jurassic Park she would, no matter how many movies show what a bad idea it is.
